TO WHOM IT MAY CONCERN

Date: 2nd July, 2024

This is to certify that **Mr. Dev Vijay CW-129** has successfully completed an internship with the 11th **GURUGRAM POLICE CYBER SECURITY SUMMER INTERNSHIP PROGRAM 2024 (GPCSSI 2024)** under the guidance and mentorship of **Dr. Rakshit Tandon**. The internship period lasted for the month of June, 2024, where the intern was engaged in a comprehensive training program designed to provide practical experience and professional growth.

During this internship, he has worked on a project titled **"Face_checker.io".** This tool allows users to upload two images to analyses their unique facial features to compare individuals, even if their faces have aged. Utilizing advanced facial recognition technology, it ensures accurate identification and comparison of faces.

And project 2 titled **"Sub-Ringan Framework"**, a user-friendly bug hunting tool designed to automate the process of identifying vulnerabilities in web applications. This tool is created specifically for bug bounty hunters and cybersecurity experts, By automating much of the work, it allows testers to focus on uncovering critical vulnerabilities and improving web application security.

The internship aimed to bridge the gap between academic learning and practical application, and we can confidently say that **Dev Vijay** has met and exceeded our expectations. Their contributions have been highly valued, and their presence has positively impacted our team.

Dr. Rakshit Tandon
GPCSSI Mentor & Coordinator
